

Tactical Carbine

\$300.00

This 2 day course is an accelerated version of tactical carbine. By limiting class size to 8 students, we are able to cover the same topics and drills in a shorter format. The student will be introduced to the carbine and learn how to quickly and effectively deploy it in a tactical situation. Drills will take the students from basic marksmanship to shooting while moving with the carbine.

Topics Covered:

- Safety
- Shooting Fundamentals
- Ready Positions
- Tactical/Speed Reloads
- Malfunctions
- Multiple Targets
- Failure Drills
- 800 rounds of ammo
