

2-Day Tactical Shotgun Course

Cost: \$400.00

This course is designed for the experienced as well as the first time shot gunner. It is a hands on course with the vast majority of the time spent on the range, refining the tactical skills required to operate the shotgun under all circumstances. During the shotgun course, the student will be given the opportunity to establish a zero, pattern their barrels for optimal performance and will be given a solid understanding of the fundamentals of the shotgun. The student will be trained in the classical shooting positions, working from a sling, pivots, turns and snap shooting. The course will also explain and expose the myths associated with the shotgun.

Equipment List:

Ammunition: 60-Slug, 30- 00 Buck, 5-#4 Buck Shot 200 - Bird Shot

(this is a minimum on the ammunition, I would bring another 100 Bird Shot, more is always better)
